

GUARD TELLS OF FLORIDA CONVICT CAMP ATROCITIES

Says from One to Five Men Were Whipped Every Day

(By The Associated Press)
TALLAHASSEE, Fla., April 17.—The joint commission of the Florida legislature investigating reported brutalities in state and county convict camps today heard gresome testimony in connection with the death of Martin Tabert of North Dakota, who died while serving a sentence in a camp of the Putnam Lumber company near Clara, Fla.

A. B. Shivers, former convict guard at the Putnam camp held the committee spellbound as he related how prisoners were flogged by the "whipping boss." He declared the whipping was a daily

occurrence and that from one to five men were whipped each day to the best of his knowledge. Hay was employed by the company for more than six months, he said.

Shivers was grilled into giving minor details and he named Walter Higginbotham, now under a first degree murder indictment as the whipping boss of the camp and who gave Tabert more than 100 licks, he said with a heavy strap four days before the youth died.

In describing the whipping witness arose to his feet and gave

a demonstration as to the reaction of the "whipping boss." He declared this particular whipping administered to Tabert was done in the presence of 80 to 90 convicts and guards; that after more than 100 licks had been given the youth, the whipping boss followed the youth as he staggered in a half circle about the camp hitting him over the head with the handle of the strap.

During his testimony the sheriff was questioned as to the leasing of Ned Thompson a sixty-year-old negro who was sent to the Putnam camp after a peace was

Witnesses have been summoned which will testify, it is declared, that the negro was whipped severely at the camp that he was returned to Sheriff Jones of Lee county.

Three days after he returned to Tallahassee he died.

Sheriff Jones admitted today that he had entered into a contract with the Putnam company whereby he was to receive \$30 for each man he delivered to camp.

He further admitted that after adding various fees and deducting the cost of transportation the company made a profit from Tallahassee to the camp, a distance of sixty-five miles he would average a profit of approximately \$10 on each prisoner.

The officer declared two days after Tabert was sentenced he was taken to the lease camp at that he received \$20 for his delivery.

About eight days after Tabert left I was notified by the postoffice that a letter had come for him addressed in my care. I did not see the letter, but I told the postoffice clerk to send it back; that the party had gone "barr," declared Sheriff Jones.

MAYOR CRABTREE AND THE THIRD TERM

In the election held in Jacksonville yesterday Mayor Crabtree was re-elected executive head of the city by a majority of 2,207. At the first election in which

Mr. Crabtree was a candidate he received a vote of 3,206 and in the second election he was unopposed. The fact that the vote cast for him yesterday was larger than at the first election is significant of the way in which the mayor has continued to hold the confidence of the people.

This year the petitions which brought about his candidacy were filled without his knowledge and although he afterward consented to be a candidate, at no time has he solicited the office nor asked anyone to vote for him.

In conversation last night Mayor Crabtree said "At no time have I sought this office. During the four years service as mayor I have given my best thought to the city. The result of the election Tuesday is indeed gratifying to me and it is not improper for me to assume that the people have endorsed my general policies. The confidence that has been shown in me gives me an increased sense of responsibility, and I pledge the people that during the coming two years the interest of the city as a whole will have first place with me.

"In the past four years city affairs have not been handled on a political basis and I have served without pay. These policies will be continued. When the city budget was made up for this year the salary of the mayor was fixed at \$900 for the reason that I did not expect to hold the office again. Now that I have been re-elected I am ready to say that I will serve without pay during the next two years. The co-operative spirit which the council has shown during the past four years has been a frequent subject of comment and I believe that the members of the council will continue during the coming administration to work together in this same spirit. Whatever has been accomplished in the past few years for Jacksonville is largely due to the people themselves, their united purposes and their willingness to forget any personal differences and to work together for the common good.

My hope for the next two years is that this administration may help in the further development of this co-operative spirit."

To be the choice of the people of Jacksonville by such a decisive majority cannot but be gratifying to Mayor Crabtree. That Democrats and Republicans in all wards united in giving this recognition of services performed and this expression of confidence, as to the future is indeed a substantial compliment.

As Mayor Crabtree intimated, such an expression of confidence carries also its weight of responsibility, but he is equal to the task of meeting that responsibility. If the expected co-operation is given by the council and the people there is no reason why the city government during the

THEY say there are microbes that lurk in a kiss
(Especially one that is thrilly).
But why be afraid of the flavor o' bliss
Because of some silly bacilli?
With germs in our crackers and germs in our meat,
The microbes are few that one misses;
So as to bacilli, I firmly repeat,
I'd much rather get 'em in kisses.

I FANCY the germs on red feminine lips
Are not so tremendously vicious,
For otherwise nectar one tenderly sips
Could never be half so delicious.
If microbes are there, they are nice gentle germs,
Which bring no infection too serious,
Although, as each experimenter affirms,
They make you slightly delirious!

GERMS linger in kisses, no doubt that is true,
And germs which stay with you forever,
They make a changed man completely of you
In spite of your earnest endeavor;
They're dangerous germs of a lingering kind,
Whose strength it's no use to disparage;
The microbes in kisses, you'll frequently find,
Infect you with love—and with marriage!

next two years may not be helpful to Jacksonville in a large way.

THE GEM OF BUSINESS

The best work is done in the spirit of play. Any man who goes to business with but one thought, asking grins how much he is going to get out of it in dollars and cents, will probably get actually less dollars and little if any of the joy of the man who approaches business from quite a different angle—from the angle of doing something worth while, building, creating, serving.

If a man likes adventure he ought to find adventure in his business. It is there. All he needs is the wish and determination to discover it. If he likes sport, or romance, or the stimulus of economic achievement, or contact with able and alert minds, or the training of young men—he can find these, too.

The profit has to come, of course. That is proof of clever playing. But the game itself, the sport and zest of playing it, ought to be a big part of the reward even if there were nothing else. If that is absent, the money part of the reward is too small, no matter if it is millions.

GOOD READING

NEA
Every one admits that average intelligence is very low. (Of course, no one admits belonging to the average.) But in panning ourselves collectively, we seem to have been barking up the wrong tree. For the intelligence of the average American is far higher than any of us have dreamed, according to sales of the "10-cent pocket classics" published by E. Haldeman-Julius, in Girard, Kan.

You've seen his ads. Probably you've bought his books. For in less than three years he has sold 31 million books. And his sales have mounted steadily until now they exceed six million copies a month.

This will surprise publishers who have believed that the public will not buy anything except mental junk, big quantities. We wrote Haldeman-Julius and asked him which books have the biggest sales. We imagined that the honor would go to his edition of De Maupassant. Or, surely, if not that, to his Balzac series. Or, maybe, his Oscar Wilde titles. A fourth bet was his Sherlock Holmes yarns. His list of books includes many other works of fiction of similar nature.

Here's his answer:

"You ask which of our books

has had the widest sale. 'The Trial and Death of Socrates' leads everything by far. We sold 175,000 copies of this book during 1922. The second best seller is 'Psycho-Analysis—the Key to Human Behavior,' by Dr. William Fielding. The third best seller is Shakespeare's 'Hamlet.' Fourth is 'Life of Abraham Lincoln.' Fifth 'Collection of De Maupassant's Stories.' Sixth, 'Lost Civilizations,' by Charles J. Finger. Seventh, collection of 'Balzac's Stories.' Eighth, Mark Twain's 'Jumping Frog.' Ninth, 'A Short History of Evolution.' Tenth, 'A Guide to Plato,' by Dr. William Durant. We have now 350 titles and will soon have 500."

When a publisher can market six million copies a month of "high brow" stuff like these titles, it indicates that American intelligence is nothing to be ashamed of.

Another thought that occurs is that people's purchases of "best" reading matter have been curtailed by high prices. Of course, it doesn't cost any more to print good stuff than junk, but Mr. Haldeman-Julius seems in advance of all other publishers in connecting with this idea.

And he apparently has experimented with cheap junk, for he writes: "We find that only the very best stuff will sell readily." That should interest all other publishers, coming from the publisher who is far and away ahead of them in book sales.

80TH BIRTHDAY IS SPENT IN HOSPITAL

On account of being temporarily in the hospital, Mrs. Elizabeth Arnold, who passed her eightieth birthday Monday, will not hold any special observance of the occasion. However, she was remembered by her friends with presents of flowers, gifts, letters, and a beautiful birthday cake with eighty candles.

She expects to leave the hospital in a few days, and as soon as the weather will permit, she plans on going to St. Cloud, Minn., to visit her sister, Mrs. J. H. Jackson.

Mrs. Arnold, whose maiden name was Elizabeth Krevson, was born in New Haven, Ohio. She married in Cincinnati, Ohio, and began housekeeping in Indiana. A few years later, they moved to Pike county, this state, and later back to Indiana and Ohio, but in 1862, returned to Illinois, and settled on the Arnold farm near Arnold station.

Mrs. Arnold has six children, twenty-four grand children, and ten grandchildren, a great many of whom reside in this vicinity. Her children are: J. W. Arnold, A. D. Arnold, and Mrs. Ed Tindall all residing east of the city; Mrs. James Strawn, of South East street, this city; Thomas Arnold, Mexico, Mo., and Clifford Arnold, Holdenville, Okla.

DEATHS

Sanders.

Henry Sanders, Piper City, Ill., father of T. H. Sanders, South Sandy street, and brother of Mrs. Emma Fortune, passed away Saturday, his death resulting from a paralytic stroke. His relatives here have gone to Piper City, where they will remain for several days. Mr. and Mrs. C. W. Fernandes, who also attended the funeral returned last night.

Mr. Sanders is survived by his widow, his son, T. H. Sanders, two daughters, Mrs. Dan O'Brien of Piper City, and Mrs. Charles Templeton, of St. Louis and his sister, Mrs. Emma Fortune, of this city.

OLD JACKSONVILLE

AN OLD PRESBYTERIAN REPORT

(BY ENSLEY MOORE)
Member Illinois State Historical Society

The Hon. W. T. Norton, a member of the Illinois State Historical Society, has kindly sent the writer a copy of "The Presbyterian Reporter" which was printed monthly at Alton, but edited by two ministers of the Chicago city or neighborhood. The periodical was dated June, 1860, and was No. 10, Vol. V.

The editors were Rev. A. T. Norton and Rev. J. Ambrose Wright. Mr. A. T. Norton was the father of the Hon. W. T. Norton. The latter's residence is at Alton, where the Rev. A. T. Norton spent the last years of his useful and honored life. In 1860 Mr. Norton was district secretary of Church Extension, N. W. He made a trip into the new south-west, Kansas, New Mexico and Arizona about 1866, and made thrilling lectures in our home churches, regarding the Missionary Outlook down there, after his return to "The States."

In the announcement of the Reporter the editors said: "The pastors of our denominational connection in Chicago have pledged their special assistance to the editorial conduct of this periodical. We have besides, able correspondents, regular and occasional, in various parts of Illinois, in St. Louis, Mo., in Iowa, Wisconsin and Michigan."

The aim is to make the magazine the organ of the Presbyterian denomination—N. S.—in the Northwest."

It is to be remembered that St. Louis outnumbered Chicago in population in the census of 1860. But the Civil war ended that.

The Reporter had letters from various places in its territory, and Jacksonville was one of the points which Mr. Norton visited, and there is local interest in his report of the organization of Westminster church. A part of his article is as follows:

"In the Westminster church prosecution of my church extension work, I arrived in Jacksonville on Wednesday, the 9th day of May, ult.

SCOTT COUNTY FORMS FAIR ASSOCIATION

Two Hundred Farmers and Winchester Business Men Organize to Hold County Fair in September at Meeting Held Last Night—Officers of Morgan Association Explain Work.

Winchester, April 17. — At a mass meeting of farmers and business men held at the court house here this evening, the Scott County Fair association was organized. A board of nine directors was chosen, and this body will elect officers at a meeting Wednesday night. It was decided to hold the first annual Scott county fair during the week of September 11.

Four officials of the Morgan County Fair association were present at the meeting and each made a talk on the workings of that organization. Those in the party from Jacksonville were: J. L. Henry, president of the association, H. E. Kitter, treasurer; H. C. Welch, secretary; A. L. Reid, chairman of the finance committee. The Scott county men adopted the same by laws as

are used by the Morgan association.

About two hundred farmers and merchants were present and great enthusiasm for the new project prevailed. The fair will be held at the fair grounds in Winchester. The association elected the following directors: John C. Moore, George Peak, M. E. Murray, Burl Hornbeak, John W. Greene, Andrew Sauer, Dr. B. F. Webster, George Hogan and C. C. Hawk. The chairman of the meeting was Frank Rockwood, J. W. Loveless acted as secretary.

NOTED SPEAKERS ON INSTITUTE PROGRAM

Prof. Summerville, Prof. Beeler and Miss Storm will be Principal Figures at Teachers' Gathering Here Thursday and Friday—Dr. Brokaw Will Lecture, and Schools Will Furnish Music.

Skilled and efficient lecturers and teachers will participate in the program of the Morgan County Teachers' Institute, which opens at the high school auditorium tomorrow morning. Prof. P. C. Summerville, head of the department of English at Wesleyan university, in Bloomington, and Prof. L. H. Beeler, formerly of Chicago university, will have charge of the high school and grade sections of the institute, and will appear on the program some of the general lecture periods.

Miss Grace E. Storm, head of the department of primary education at Chicago university, will supervise the work in the primary section. All of the teachers on the program are specialists in their line, and some rare treats are expected during the lecture periods.

On Friday morning Dr. R. V. Brokaw, county health officer, will lecture to the teachers. The general exercises will open the program at each section. Music for these exercises will be furnished mostly by pupils of the local schools, and arrangements are being made for some special numbers.

The general outline of the program will be: Opening exercises, followed by a lecture period, after which the teachers will go to their various sections for the instruction period. About three hundred teachers from all parts of the county are expected to be in attendance. The lectures of Prof. Summerville will be along the line of English and literature. Prof. Beeler will deal with the pedagogical subjects.

When you eat Bran for constipation be certain that it is ALL BRAN!

There is no time to fuss away trying to find out just what some mixed-up cereal with a small bran content can do to ward off the grave illness that constantly hovers over constipation sufferers. What your system demands is ALL BRAN! You must have ALL BRAN to give permanent relief! Anything less than ALL BRAN does not have the bulk that gives results! Your physician will recommend Kellogg's Bran because it is ALL BRAN! Kellogg's will do the work; it will give you permanent relief; it will remake your health if you will eat it regularly—because it is ALL BRAN! Kellogg's Bran, cooked and krumbled, is wonderful for health. It sweeps, cleans and purifies, riding the system of the dangerous toxic poisons. Yet it is simply a natural food—nature's own remedy for constipation; nature's way of keeping every body-organ tuned true.

Eat Kellogg's Bran regularly to give permanent relief naturally—at least two tablespoons daily; for chronic cases, with every meal. It is as beneficial as a preventive. Its nut-like flavor is delicious. You will like it sprinkled over your favorite hot or cold cereal, or eat it as a cereal. Kellogg's Bran makes delightful muffins, raisin bread, pancakes, etc. It adds a fine flavor to soups and gravies. Have the whole family eat Kellogg's Bran and see the health of every member improve.

All grocers sell Kellogg's Bran.

When several subscribers are on a party line,
all are entitled to equal service.

It would be neither fair nor practicable to
assign certain periods of the day to each user.
All should have access to the line on equal

Service

in addition to quality

Quality is one thing and something to which you are entitled with every purchase. If you do not get it, you do not get the best value from the articles you buy. Service is an entirely different thing and it is an added feature of our business in that it makes every purchase positively satisfactory. The satisfaction in the result of making goods right by refund or exchange or anything that will cause you pleasure in trading here and more fully emphasize our ability and willingness to serve you. WELL KNOWN BLUFFS WOMAN DIES HERE

Mrs. Stella Oakes Cassell Answers Final Summons After Brief Illness.

The death of Mrs. Stella Oakes Cassell of Bluffs occurred at Our Savior's hospital at 11:30 o'clock Tuesday night. Mrs. Cassell had been a hospital patient for more than a week past and underwent a serious surgical operation last Thursday.

The deceased was a daughter of Henry and Emma Richardson Oakes and was born January 10, 1876, in Bluffs. She was a resident in Scott county during practically all of her life.

As a young woman the deceased was married to Almy Cassell, who died April 10, 1902. Mrs. Cassell is survived by two sons, LeRoy and Clarence Cassell, both of Bluffs. She leaves also one brother, Royal Oakes, of Bluffs, and two half-sisters, Mrs. Virgil Robertson of Virginia and Mrs. R. H. Head of Rock Island. One brother, Harry Oakes, died in 1919.

Mrs. Cassell was a member of the M. P. church of Bluffs and took an active interest in the various departments of church work. She was a woman of especially kindly and philanthropic spirit and will be greatly missed in the community where she has been so long resident. The remains were taken from the hospital to the Gillham Funeral home.

Arrangements for the funeral have not been completed.

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines

Stones from the battlefields of Europe are to be used to build a memorial chapel at Ottawa, Canada.

Approximately 500,000 acres of land in Utah will be thrown open to entry by former service men of the World War.

In place of an army of 118,500 men, the United States could have 2,547,700 men, if enlisted men were paid at the rate the French soldier is paid.

The Army Air Service is now taking up the development of the glider, for motorless airplane. The best record yet made was 300 feet in a GL-2 plane.

The Czechoslovakian army is to be provided with a new rifle holding 30 cartridges and a new type of machine gun which fires 500 shots without cooling.

More than \$70,000,000 was spent by the American Red Cross and its various chapters in providing service to the men who wore the American uniform in the World War.

According to revised figures announced by the Minister of Liberated Regions, the war damages in the ten devastated regions of France are fixed at \$5,750,000,000 francs.

France, Russia, Italy and Japan have a conscription system for keeping up the strength of their armies, while the United States, Great Britain and Germany have a volunteer system.

Because of the unusual risks taken continually by army, navy and marine aviators, the War Department is considering a proposal that officers on flying duty be retired at the end of ten years' service.

Sergeant Major William C. Garthwaite, of Albany, N. Y., is reported to be the oldest soldier of any rank on the active list. He is 69 years old, and has served 50 years with the United States army and navy.

Pigeons that served with the British army during the World War, carrying messages over dangerous regions, are to be pensioned by the War department. The birds will be in care of a keeper, whose duty it will be to see that they are properly looked after until death.

A railway battalion in the United States army is made up of approximately 600 men. It includes personnel necessary for the operation of six trains a day, from train crews to right of way and equipment maintenance forces, over one engine division of track, or about 100 miles of road.

It is estimated that a single field army requires a movement of 6,000 tons a day of supplies of all kinds, exclusive of concentrations of stores and equipment for contemplated major operation.

Railways in the front for this one army must be prepared to handle 12 trains daily each way to each 100 miles.

The British War department is banning service chevrons, wound stripes and silver badges. Hitherto, since the end of the World War, it has been the rule for members of the army, navy or air forces to wear on their left sleeves chevrons of red or blue to denote the period of their service overseas during the war, and

a stripe of gold braid for each recorded wound received in active service.

According to figures recently published by the War department, when a strength of 250,000 is reached by the National Guard the cost of the United States will be \$52,500,000, and to the States \$24,407,500. This shows that the cost of upkeep borne by the State is approximately one-third of the total.

Fifty-two veterans of the war with Mexico are still alive and drawing pensions from the Federal Government. The seventy-fifth anniversary of the close of the war will be celebrated on May 30. All of the 52 veterans are more than 90 years old. The oldest is Uriah Chancour, of San Francisco, who will be 100 years old on June 6.

The Second Corps Area made public recently a general order removing the name of John Novack, a registrant of the Local Draft Board of Mercer county, New Jersey, from the list of deserters. Failing to report as the board directed, he was certified as a deserter. Novack, the records show, enlisted in the regular army and saw active service from June, 1917, to June, 1919, when he was honorably discharged.

HAWAIIANS SEEK ORIGIN OF ANCIENT RACE

HONOLULU, T. H.—Two huge stones, weighing approximately 2,500 pounds each, that marked the burial place of one of the ancient chiefs of the island of Guam, have been brought to Honolulu and placed in the Bishop Museum here in the hope that they may be utilized in the museum's efforts to ascertain the origin of the Polynesian race.

The stones are said by scientists at the museum to be larger than any similar blocks that were used in the building of the pyramids of Egypt. They are of coral formation, one tall and thin and the other round and flat. When found the tall stone was upright in the ground, with the other resting upon it.

"The large burial grounds found on Guam point to a once large population," Dr. Stanley C. Ball, curator of collections at the museum, said in discussing the stones. "As yet we have not been able to find any traditions about the race that inhabited the islands. The only things we have to go by are the skeletons, the stone tools and the tombstones, which may give us some indications as to the racial characteristics of the people."

The stones were brought from the burial grounds only with great difficulty, as they had to be hauled 12 miles to port before they could be loaded onto a vessel. They were drawn in carts by bullocks. Besides the stones, 13 boxes of bones, skeletons, skulls and stone tools were brought to the museum.

NEW RACE TRACK AND ZOO FOR FAIR GROUNDS

Springfield, Ill.—A new race track and a state zoological garden are planned for the Illinois State Fair, made possible by the acquisition of 296 additional acres for the fair grounds. The extension of the grounds also will provide ample space for auto-parking and tent colonies.

With the transfer of the additional land, the Illinois fair will be the largest state fair in the United States, state officials declare. The grounds will cover more than 350 acres and the new buildings to be erected are to be among the finest of any state fair, plans indicate.

GREAT INTEREST IS SHOWN IN TUESDAY'S MUNICIPAL ELECTION

Mayor Crabtree Re-Elected by Majority of 2207—J. E. Scott Succeeds Himself as City Clerk—Blesse and Chumley Won Aldermanic Contests—McGinnis, Rowe Chapin and Fairbank Are Unopposed

Interest in the Jacksonville municipal election Tuesday was sufficient to bring out a large vote. In the mayoralty contest Mayor E. E. Crabtree was re-elected with a total vote of 3,729 by comparison with 1522 cast for Stanley H. Wright, opposing candidate.

City Clerk Scott was re-elected by a majority of 128. His total vote was 2,505 and his opponent, Roy Griffith, received 2,377.

In the first ward the contest was between Charles Blesse and Frank Sullivan for, the one year term, and Mr. Blesse was elected with a majority of 51. Michael McGinnis as candidate for the two year term was unopposed.

In the third ward T. C. Chumley was elected with a majority over Justin Biggs of 210.

In the second ward R. Y. Rowe was unopposed and in the fourth ward T. A. Chapin for the one year term and Arthur D. Fairbank for the two year term were unopposed.

The voting began early and while it lagged toward noon early in the afternoon renewed interest was shown, and the total vote was larger than has been cast in a number of city elections.

This is the third time that Mayor Crabtree has been a candidate and the support given could not help but be gratifying to him. The mayor carried every ward in Jacksonville and 15 precincts out of 16.

In the one precinct which he lost by a very small margin the opposition was built up largely on objections to street paving improvement.

J. E. Scott, who has been a capable city clerk, had a very difficult contest as it was necessary for him to run so far ahead of the Democratic candidate for mayor in order to have a chance of election. He had however the advantage of an opponent, Mr. Griffith, who while a man of excellent reputation, was not widely known.

The aldermanic contests in the first and third wards were put on without bitterness and while Tuesday was a very active election day it was also one of the most orderly that the city has known.

The vote for Mayor Crabtree indicated that friends who were responsible for the petition thru which he became a candidate felt some responsibility in organizing for his campaign and there were volunteer workers, both men and women, in every precinct.

The tabulated figures giving the details of this election follow:

JUBILEE COMMITTEES HELD CONFERENCE

Many Offer to Co-Operate in Making Celebration of Church of Our Savior Notable.

There was a large attendance last night at the Pacific hotel at the meeting of the committees that have charge of the arrangements for the jubilee of the Church of Our Savior, to be held in Jacksonville not many weeks hence.

Reports were made by various sub-committees along with suggestions for the program of the two days celebration. There was some further discussion of the finances for the event and the work of solicitation will be taken care of at an early date.

Letters were read from a number of persons and organizations who desire to co-operate in every way possible to make the jubilee celebration impressive. The committee made it clear that this is to be a all-Jacksonville celebration and that all co-operation will be gladly received.

Another meeting of the committee is to be held at an early date.

FUNERALS

Funeral services for the late John Spencer Self wehe held at Centenary church, Tuesday afternoon at 2:30, the Reverend G. T. Wetzel, officiating.

The Elks lodge, of which he was a member, met at the club rooms at 1:30 and marched in a body to the family home on North Main street, and acted as escort to the remains from the residence to the church. After the church services, the lodge accompanied the remains to Diamond Grove cemetery, where their ritualistic ceremonies were performed.

Music was furnished by the Elks' quartet, composed of Hackett Wilder, C. E. Drummond, Homer Wood and Charles Cornick.

Mrs. Frank Eades, Mrs. W. C. Cook, Miss Lou Martin and Mrs. James McBride were in charge of the floral arrangements.

The pallbearers were members of the Elks, namely: Frank Green, A. D. Arnold, C. F. Cully, Dick Self, James Martin and William Meador.

VISITORS FROM BUSHNELL
A large number of citizens from Bushnell are expected in Jacksonville today. One of their purposes is to inspect the churches of Jacksonville, since one in their own city was recently destroyed by fire, and the purpose is to build a new one. Another object of the visit is to look Jacksonville over and find out something about the spirit which today is giving this city its good name abroad.

EXPRESS THANKS.
Although I was not elected alderman from the first ward I very much appreciate the support given me by my friends and wish to thank them in this way. I am for Jacksonville and am ready at any time to be of any possible service to my successful opponent.

RAYMOND LECTURES TO ATTRACT BIG CROWD

Man Who Puts Pep in Business Men Will Speak at Chamber of Commerce Thursday and Friday Evening—Merchants Buy Tickets for Employees.

Frank Jewel Raymond, the well known lecturer on business pep, will arrive here about noon tomorrow and will give his first lecture at the Chamber of Commerce tomorrow night.

The tickets already sold were distributed to purchasers yesterday, and those who are interested are urged to obtain their tickets as soon as possible at the Chamber of Commerce. Local merchants have distributed the tickets among their employees. Rabjohns & Reid will send seventeen clerks to the lectures. Jenkinson-Bode purchased ten tickets and Meyers Brothers have secured about the same number.

The lectures will be given Thursday and Friday evening in the hall on the third floor of the Chamber of Commerce building. At least three hundred persons are expected to attend. A general letter announcing Mr. Raymond's second appearance here has been sent out from headquarters. It reads as follows:

We wish to announce the return engagement of Frank Jewel Raymond who lectured before the Chamber of Commerce recently on "Business Mastery."

Mr. Raymond will return to Jacksonville on Thursday for a two day lecture course to be given on Thursday and Friday evening, April 19 and 20, in the Chamber of Commerce rooms. These lectures will start promptly at 8 o'clock each evening.

Both of these lectures are soul stirring addresses that you cannot afford to miss.

Tickets sell for \$1 each which admit you to both lectures. These tickets are now on sale and can be secured at the Chamber of Commerce rooms. If you have already subscribed they will be delivered to you.

Do not overlook these two important meetings. Remember—it is this week, Thursday and Friday.

Call phone 1759 and we will hold the tickets for you.

Respectfully yours,
Harold Welch, secretary.

RESIDENT PASSES 85TH MILESTONE
Mrs. Mary Patterson, 1131 West Lafayette avenue, reaches her eighty-fifth milestone today, and although she has reached this advanced age, she is still very active, working in her flower, caring for her chickens, and, as she states it, "I'm not yet too old to hoe potatoes."

No special celebration will be held, but as many of her children relatives and friends as possible plan to call upon her some time during the week. She has already received huge boxes of lilies, California roses, and other flowers from her daughter, Mrs. L. B. Williamson of Oakland, Cal.

Mrs. Patterson has lived for nine years with her daughter, Mrs. Martha Patterson, her husband having died eleven years ago. They were married in Missouri March 15, 1858, and after living there for six months moved on the Morgan county farm northwest of the city which is still known as the Patterson farm, where they lived for fifty years.

Her children are: Mrs. L. B. Williamson, Oakland, Cal.; Miss Martha Patterson, Mrs. Henrietta Dewese, north of the city; Mrs. James W. Crum, South East street, Irvin Patterson, northeast of the city, Edward Patterson, Joy Prairie, and Leonard Patterson of Chicago. One son, Ulysses Grant Patterson, died several years ago. She has also several grandchildren.

I desire to ascertain the address of Miss Lucy D. Hand; she was my stenographer in 1907 in Jacksonville, Ill. Please call phone 1523.

Now a QUICK Quaker Oats

Cooks to perfection in 3 to 5 minutes

Quick as Eggs

A dish that's almost ready

There's a Quick Quaker Oats at your store now. Just like the Quaker you have always known—perfect in quality, exquisite in flavor.

But also the quickest cooking oats in the world. No other brand cooks anywhere near so quickly.

The secret is this:

In Quick Quaker, the oats are cut before flaking. They are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

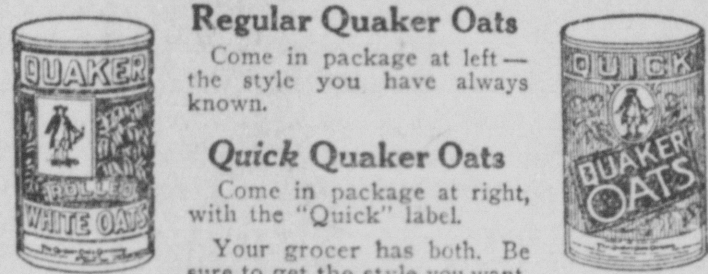

They are ready in 3 to 5 minutes—as soon as eggs.

In Quaker Oats—both styles—we flake the finest grains only. Just the rich, plump, flaky oats. A bushel of choice oats yields but ten pounds of these extra-flaky flakes.

But think what they mean. That flavor has won the world to Quaker. From all the world over, lovers of oats send for this premier brand.

Millions of mothers serve them every morning, so children will love oats.

Now you have Quick Quaker, if you wish—a five-minute dish. Get that or the regular, but insist on this Quaker flavor for the children's sake.

Vocational Training At Mooseheart

(By James J. Davis, its founder and Director General; Now Secretary of Labor in President Harding's Cabinet.)

Humanity's first and greatest needs is for things made or done with the hands. It is only afterward that the need of things produced by the head declares itself. Yet for generations we have been teaching only the heads of our children. The result is that when misfortune comes, as it is apt to come into any life no matter whose it is, the stricken individual has not hands to keep him. Hence my settled belief that the time must come when we as a people shall look upon a training of the hands as an essential to any education and the learning of a trade as a fixture in the schools of the country. Of course this teaching of the trades will have to be properly diversified, and the skill of the hands thus taught and acquired may never come into use in thousands of instances. But it is the only insurance against disaster, and it is more. The learning of a trade is an education in itself—an education for the minds as well as the hands, an education in the dignity of labor, an education in the understanding of men. Any American, whoever he is, would be the better for such an education.

Years ago, in the iron mills about Pittsburgh, I used to see the head of a family, its breadwinner, brought home maimed or killed in some accident. The result was disaster to that family. The wife, to keep herself alive,

had often resorted to the most menial and poorly paid pursuits and the children were pitched out to become men and women with the poorest possible equipment for the struggle to maintain a livelihood. There my life work disclosed itself to me. I made up my mind to do what I could to help abolish that evil.

The opportunity came when I joined the Loyal Order of Moose, and the direction of its destinies was placed in my hands. The organization has grown to a membership of more than six hundred thousand and its financial strength is counted to the tune of twenty million. With this power in hand we have reared a full fledged little city, costing five million dollars, on a one thousand and twenty-three acre farm along the Fox River in Illinois, not far from Chicago. There we are giving practical expression to my ideal of a high school education and a trade to over eleven hundred children of members of our Order who have died in unfortunate circumstances.

Our children live, fifteen or twenty of them in a group, in cottages, designed and built by students in the building trades. We try to make each of the cottages a genuine home, a family preided over by a motherly woman. In the evening the children play games until bedtime, within doors after dark, but out of doors whenever it is possible. They wear the same clothes that other American children wear—no uniforms. Or in the Auditorium there may be a concert by one of our bands or orchestras, or a motion picture show—for we are supplied with the screen plays of the regular city houses, and often ahead of them.

Since life is full of mischance, so full of forces beyond control of the strongest among us, is it amiss of me to believe that an education up to high school graduation, along with training in a trade, is the ideal of education for all America? I hope to see other bodies of men and women follow our purpose and copy our methods or improve them, and finally force the day when a common high school education will be the training of the hands as well as the head.

SPECIAL ASSESSMENT NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on North East Street from the north line of East Court Street, running thence north along said street to the south line of East Independence Avenue (except the portion between a line parallel with and 20 inches south of the south rail of the south track and a line parallel with and 20 inches north of the north rail of the north passing track of the Wabash Railroad Company); and of East Independence Avenue from the east line of North East Street, running thence west to the east line of North Main Street, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a sheet asphalt pavement with a combined concrete curb and gutter on each side of said asphalt pavement, and said asphalt pavement shall be constructed in the following manner: the road way shall be brought to sub-grade 8 inches below the surface of the sheet asphalt pavement when completed, by excavating, grading or removing old brick, as the case may be, and all holes and ditches to be filled as provided in said ordinance, after which said road way shall be thoroughly rolled. Upon this sub-base there shall be placed a layer on concrete 5 inches in thickness. Upon the concrete base there shall be placed a binder course 1½ inches in thickness, composed of coarse aggregate, sand and asphaltic cement, and upon the binder course shall be placed a wearing course 1½ inches in thickness composed of refined lake asphalt or equal, heavy petroleum oil, clean sharp sand, and fine powdered carbon ate of lime, with a coat of hydraulic cement. Said improvement shall also include necessary concrete headers, brick catch basins with storm water inlets, and the re-setting of existing man holes and valve box covers, and the laying of the necessary drains; all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, as provided in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the second day of May, A. D. 1923, at the hour of ten o'clock a. m., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said date and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, April 16, 1923.

J. W. WALTON,
Appointed to make said assessment.

NEW PICTURES TOPIC AT SCHOOL ASSEMBLY

Art Masterpieces Purchased for High School Arrive and are Discussed by Students—Eight Members of Art Class Take Part in Program.

Eight large copies of famous paintings were received Monday at the high school, and will be hung in the various rooms. The total cost of the pictures was about \$150, the sum having been raised by means of various school activities.

At assembly Tuesday morning, the pictures were exhibited by the art department, and eight art students took up the pictures individually, each giving a brief talk. The program was greatly enjoyed by the students.

Following are the titles of the pictures and the names of those who discussed them at assembly:

"St. Galahad"—Elizabeth Wainwright.
"Christ in the Temple"—Margaret Miller.
"Spring" (Corot)—Ruth Leavenworth.
"Spring" (Mauve)—Dorothy Dunavan.
"The Forum"—Corrine Robinson.
"The Grand Canal"—Roda Rammelkamp.
"The Home of the Heron"—Farrell Crabtree.
"Memories of Japan"—Dorothy Fiedler.

MISS SADIE MEANS IS AN APRIL BRIDE

Marriage of Miss Sadie Means of Sinclair and James Howard Farmer of Ashland Took Place Tuesday Morning.

One of the prettiest spring weddings was solemnized Tuesday, April 17, when Miss Sadie Means of Sinclair became the bride of James Howard Farmer of Ashland.

The beautiful ring ceremony took place at 12 o'clock at the parsonage of Rev. G. T. Wetzel, of Jacksonville.

The house was beautifully decorated with ferns and cut flowers.

The couple was attended by Miss Henrietta Means and Harold E. Farmer a sister of the bride and brother of the groom.

The bride is the daughter of the late Mr. and Mrs. Joseph Means, and is one of Sinclair's most popular young ladies.

The groom is the eldest son of Mr. and Mrs. Edward Farmer, and is a prominent farmer of the vicinity of Prentice.

He is a young man whose honesty and integrity have won for him a large circle of friends.

The bride was handsomely attired in a costume of white satin with Spanish lace and georgette overdress, with hat and slippers to match. She wore a beautiful corsage of sweet peas.

The bridesmaid carried a bouquet of lovely pink roses.

The young couple left for their future home on a farm two and a half miles west of Prentice, on Ashland route 1. All join in wishing them a long, prosperous, happy wedded life.

Cutting the Costs

THE FARMERS of the 10 Middle Western States served by the Standard Oil Company (Indiana) are fast becoming the most important consumers of gasoline.

The gasoline tractor has vastly lowered the cost of crop production and the motor truck has come to render a similar service by lowering the cost of delivery. It enables the farmer to deliver his products to nearby cities when the market is advantageous.

To indicate how motor truck farm haulage is increasing, it is interesting to note that—

Farm products hauled by motor transport in 1922 equaled 134,400,000 tons.

Sixty-eight hundred head of hogs—valued at \$200,000—were delivered in one day from 500 motor trucks to the Stock Yards at Indianapolis, Indiana.

St. Joseph, Missouri—receives about 2500 head of cattle daily by motor truck.

Detroit, Michigan—is supplied daily with 18,570 gallons of milk by the same method of transportation.

The figures above are just a few high spots picked at random from an analysis of facts published by the National Automobile Chamber of Commerce.

The Standard Oil Company (Indiana) has long realized that motor power meant increased production of foods, greater profit to the farmer and lower living costs to the consumer.

Therefore, in building up its vast network of distribution this Company has kept constantly in mind the public demands from farming centers in locating its bulk storage depots for gasoline and lubricating oils.

In this way the Standard Oil Company (Indiana) has been able to anticipate the farmers' needs in marketing his products from farm to city.

On every heavily traveled highway the Company has found a way to have its products on sale, so that no matter how remote from towns he may be, the motor truck driver always finds a dependable supply of fuel and lubricants convenient to his need.

And yet, gasoline is low in price throughout the 10 Middle Western states served by the Standard Oil Company (Indiana).

BOY IS SERIOUSLY HURT NEAR WHITE HALL

Harold Burns of Lincoln, Ill., seriously injured in wreck Sunday Morning Near White Hall Only Slight Chance for Recovery.

White Hall, April 16.—A trespasser named Harold Burns, was pinned under a bunch of wrecked coal cars about 10 o'clock Sunday morning at the point on the C. & A. four miles south of White Hall. His cries hurried rescue work to a maximum, acetylene torches being summoned from White Hall in the herculean effort to save the man from death. He remained in that position until 12:45 p. m., when he was pulled out and brought to White Hall for medical attention. He presented a ghastly sight with his face blackened with the burning gas, blood bespattered about him, and in a general disheveled condition. His home is in Jerseyville, and

his father, Frank Burns, and James Fulkerson, arrived in an automobile during the afternoon to look after him. His condition is serious, one leg being broken in three places, the other mangled and there are ugly wounds on the head.

He was given first aid in the city building, and then conveyed to Walton hospital. Burns and two others were riding on the freight train. An arch bar or some other thing about the car broke and derailed a car of plaster, five empty coal cars and two cars of brick, the cars being practically destroyed. Three cars of meat were derailed but only slightly damaged. Two of the trespassers were thrown clear of the wreck into a field. The track was badly damaged, and it was 7 p. m. before traffic was restored. In the meantime C. & A. trains used the Burlington track between White Hall and Brighton.

The young man is 15 years of age, and has been residing with relatives at Lincoln, Ill., since he was six years of age. His father farms for Joseph Fulkerson near Jerseyville, and there are eight children besides Harold, the mother having died very recently. The family is in straitened circumstances, and Supervisor George Chism, of White Hall, took charge of the case immediately on the arrival of the injured man from the scene of the wreck. At noon today it was announced from Walton hospital that there is slight chance for recovery. Dr. E. J. Peek is in almost constant attendance.

AGED RESIDENT OF VIRGINIA IS BURIED

Funeral of Mrs. Ellen M. Cunningham Held at Family Home Saturday—Other News From Virginia.

Virginia, April 16.—Ellen McCune Cunningham, wife of George Cunningham, passed away at St. John's hospital Thursday morning, April 12th. She was about 80 years of age and has been a life long resident of this community.

In 1868 she was married to George Cunningham and to this union two children were born, Mary, and Anna wife of B. K. Simmons, both predeceasing her in death. She is survived by her husband and two grandchildren, Grace and George Simmons. Funeral services were held at 3:00 Saturday afternoon at the home on East Beardsdown street.

Miss Alpha Kilham went to Springfield to spend the week end with Mrs. John Beckum. Mrs. Wm Matthews of Philadelphia, Penn., is the guest of her aunt Mrs. Charles Gridley. Virgil Engle, son of Mr. and Mrs. Wm Engle was united in marriage to Miss Nadine Looker daughter of Mrs. J. H. Looker in Springfield, Thursday afternoon by Father Hickey. Father O' Dwyer accompanied them to Springfield.

The attendants were Frank Finn of Virginia and the bride's sister Miss Mary Looker of Peoria.

Mrs. J. C. Hertzberger of Beardsdown has been the guest of her sister, Mrs. J. C. Meade.

Mr. and Mrs. John Doerr were shopping in Springfield Friday.

William Boggs has accepted a position in Springfield and expects to leave here soon.

Miss Bernice Hunt entertained a bridge party at her country home Thursday afternoon in honor of Mrs. Harry Bailey.

Harber Hill of Springfield was in this city Thursday to attend the funeral of his uncle the late James Hill.

Roy Maul of Canton was a Virginia guest Monday.

L. R. Simmons is seriously ill suffering from paralysis.

Carl Parry of Beardsdown spent Sunday in Virginia.

Special Services.

The special services following Easter at Durbin last Sunday were attended by a large congregation. The Sunday school was large and enthusiastic and the contest between the adult classes is increasing in interest. Dr. Rule spoke on the history and meaning of the sacraments of the Lord's Supper and Baptism. There were two persons baptized and nearly one hundred persons received the holy sacrament. Mrs. Sadie Darley was the soloist at the morning service.

SOME HEALTHY FACTS.

A few plain facts, plainly stated, to whom they may concern. If I rightly understand the duty of a physician, it is to promote and preserve the health of the people in the community in which he lives, whether they be rich or poor. A few suggestions in hygienic living and how to prevent diseases is much more important than to tell how to cure diseases. Springtime is at hand; the time of year when all life, animal and vegetable alike, are manifesting a desire to exist and subsist. We are very willing that our friends should exist and subsist; but now is the time to mobilize our forces and build our bulwarks against our enemies, the insects, viz.: Flies, mosquitoes, bugs, etc.

We know that the common housefly is responsible for nearly all the communicable diseases that get into our homes. The mosquito is the direct cause of some of the most fatal diseases that man is heir to. These all can be easily prevented. How? Give no invitation to these enemies to visit our homes. If property kept, insects will not infest. Cleanliness is the watchword. See that no dust or decaying matter is permitted to remain in the house. Keep the floors, walls, bed linen, wearing apparel clean and well aired. Second, screen all windows and doors to prevent these deadly enemies from entering.

We should have a law requiring these things to be done. The city and county should furnish all persons with material to screen their windows and doors who are not able to buy it themselves. This is cheaper than paying doctors and undertakers. If these suggestions are adopted I am ready to guarantee the results.

Yours for Health,
C. C. Cochran.

The Martha class met with Mrs. Rains in the Kanes block with the assisting hostesses as follows: Mrs. Beadles, Mrs. Carlis, Mrs. Silver, and Mrs. Ida Crum. The meeting was opened by Mrs. Hewitt, the president, and a very interesting paper was given by Miss Lockwood on "The Inspiring Example of Joseph," then the minutes of the last meeting were read by the secretary, Mrs. Blanche Hinds, after which a guessing contest was the most pleasing feature of the afternoon. Delicious refreshments were served by the hostesses.

Glen Filsen and Cleon McConnell were Jacksonville callers Monday.

SPECIAL THOSE MEETING AT BROOKLYN CHURCH

The Sunday school superintendent wishes to announce that a luncheon will be given at the church at 6:30 Wednesday evening, at which time plans will be discussed and suggestions made for the improvement of the Sunday school attendance and interests. Following this meeting, the regular church night program will be carried out. The study will be on "What Christians Believe," in charge of the pastor, Otis Ivie will lead the prayer service and Julia Williamson, the social hour. Everybody cordially invited.

MINSTREL SHOW TO BE GIVEN AT ROODHOUSE

M. E. Sunday School Class to Give Minstrels Thursday Evening—Other Roodhouse News

Roodhouse, April 16.—Because of repeated requests and a desire on the part of the Friendship class of the M. E. Sunday school to help pay off a small deficit on the pipe organ the "Colonial Minstrel" which was so successfully given in February to invited guests will be put on for the public at the church on Thursday evening, April 19th. Admission 15 and 25 cents.

The Sykes and Fanning stores at Roodhouse and White Hall were closed Wednesday and Thursday because of the death of Mr. Sykes' mother, Mrs. Margaret A. Sykes which occurred at the home of her son, John in White Hall at six o'clock Tuesday evening, April 10.

Deceased was 89 years, 11 months and 13 days old. She had been a resident of White Hall since 1875. She was in failing health the past year and bed fast for six weeks prior to her death with a complications of diseases.

There are surviving the following children: S. G. Sykes, John Sykes of White Hall, Mrs. Jessie Overby of Granite City, Mrs. E. J. Stansbury of Greenfield, Robert C. of Tulsa, Okla., and James W. of Monmouth.

Funeral services were conducted from the S. G. Sykes home in White Hall at three o'clock Thursday afternoon, interment being at White Hall cemetery.

Dr. N. J. Bucklin attended a medical meeting held in Jacksonville Thursday.

Rev. J. S. Brinkman is still confined at home by illness but hopes to be able to conduct his Sunday services.

Rev. W. J. Davidson, D. D., president of Illinois Wesleyan university of Bloomington. Dr. Davidson was one time pastor here.

WHITE HALL COUPLE

UNITED IN MARRIAGE

White Hall, April 16.—James Egan and Miss Mary A. Moore, were married at 2 o'clock Saturday afternoon in the home of the bride's uncle, Benjamin Anderson, on Maple Heights, by Justice E. L. Wendell. They will reside here. The bride is a daughter of Charles Moore of Hillview, but has made her home with her uncle for the past six years, attending school most of the time, having taken three years of high school work. The groom is one of the well known world war veterans, having received wounds at the battle on the Somme between St. Quentin and Belle Court on September 29, 1918, that kept him in the hospital until the following March, when he returned to the ranks and served a re-enlistment.

THE STATUE OF "BLACK MAMMY"

Nearly three hundred years, I was a helpless slave. Ever doing my master's will; I worked hard during the day and at night I prayed That in time God's promise would be fulfilled.

Born a slave, I grew up as other slaves, Ever faithful, trustworthy, and kind, I did not shirk, nor did I fight, but gave My life's blood for my mistress' offspring.

I did not know that life was so sweet

Neither did I know there was joy or peace, For my soul was heavy and my heart did bleed

When my little ones were sold at the stake.

Yes, they were sold from my bosom and I bid them adieu, I lived without hope of seeing them again;

I could not cry, weep, nor mourn aloud, For fear of more punishment.

Years came and went and God heard my faint prayers, He lifted the shackles that set me free,

I can now lift my voice without tremble or fear, And thank Him for His love and care.

And now in the city of Washington, D. C., They want a bronze statue of me to stand,

Is there a man or woman who will gaze on me?

And with pleasure behold me as grand?

Oh, honor me not with such a silly toy

That can fall with one stroke of God's hand!

Give me a chance; give justice to my boy,

And let him grow up as man with man.

If it's a tribute to faithful service you wish to pay;

If it's a reward after all those years of pain;

Don't place me out there in the scorching hot rays,

And to be chilled with the sleet and the rain.

Oh, my heart grieves the more when I think of the shame,

How I was scorched and drenched in the fields,

But the pain was not as bad as the sacrifice I made

That my "masters' pleasures might be fulfilled.

The "black mammy" was alright to be called that in her day,

I knew no better and think it right grand,

But there's been a change; the way is made clear,

I confess, that I now understand.

Please take the money, friends o' mine,

And educate the child that was sold from my knee.

MURRAYVILLE HAD ELECTION YESTERDAY

The election of village trustees in Murrayville Tuesday was not an exciting event. There were three candidates on the citizen's ticket, John T. Warcup, George Tannahill and Norman Carlson, and each received a total of 37 votes. Sam Jones received one vote, his name being written in on the people's ticket. The name of Dr. J. H. Spencer was also

written in on the same ticket but the ballot was thrown out because of an error in the marking.

MANAGEMENT IS GRATEFUL.

The management of Oak Lawn sanatorium is grateful to the Mound Woman's Country club for the gift of some very nice towels, also to Mrs. Henry Eckhoff of Chapin who donated apples, honey and some flowers.

Crowd of 34,000 See Chicago Lose

Two Passes, An Error and Grimm's Double Spell Victory for Pirates—Mayor Dever Pitched First Ball.

CHICAGO, April 17.—Between 33,000 and 34,000 persons, the largest crowd on record to witness an opening game in Chicago, packed the reconstructed Chicago National ball park today and saw Pittsburgh win the first game of the season from Chicago 3 to 2. The park enlarged to twice its seating capacity during the winter, was opened shortly after noon and by game time all seats had been sold and the fans were standing three and four deep back of the top row of seats.

The usual opening day ceremonies, presentations of flowers and gifts to the players, music and a flag raising by a squad of United States marines took place.

Mayor Dever of Chicago pitched the first ball, and John Heydler, president of the league, was the guest of honor. The game itself was a good exhibition, the visitors winning it in the fourth inning when Grimm uncorked a double to right with the bases filled and two men out. Three runs scored and when Grimm attempted to stretch his hit to a triple he was retired at third. Aside from this one inning the Pirates had no other opportunity to score, so well did Osborne pitch. Two passes in this inning and a fumble by Kelleher who played short in the absence of Hollenbeck, who is confined at his home in St. Louis with influenza, preceded Grimm's winning blow.

Chicago bunched three hits in the second inning and put across the first run of the game and added another in the seventh when Morrison became unsteady

LUNDY RETAINS ILLINI LINEUP

URBANA, April 17.—Coach Carl Lundgren will stand pat on the Illinois baseball lineup which was so effective against Iowa in the Big Ten opener.

Two infielders were tested—Schlapprizzi at short and Happenny at first. Both were green and slightly nervous but "Lundy" is sure that this was no more than natural for their bows as varsity players. Happenny did not hit up to the promise of his performance down south, but he has all the earmarks of a clunker and the coach has assigned him near the top of the batting order. It is possible, of course, that the infield may have to be revamped again but Lundgren will give the present arrangement a thorough trial.

The most successful debut of the novices, however, was that of Chris Kuehl, outfielder, who smacked the ball like a veteran and staged two circus catches in left field. With Reitter and Ott Vogel to complete the outfield Lundgren has no cause to worry. "Dutch" Durant is an excellent ball player who may get a chance later, either in the outfield or infield, although he is practicing the outfield nowadays.

The Illini are short on pitchers and Cliff Jackson must do most of the slab work with "Lefty" O'Conner next in line. It was hoped that "Wagon" who was available but the Atwood boy, who showed promise, has scholastic links which cannot be untangled. There is a chance that Wally Eodger's lame back may permit him to pitch when the weather warms up. With Reitter in real condition Illinois' pitching problem would be solved.

The next home game for the Illini champs is against Notre Dame next Saturday, April 21. It has been years since the Catholics have won from Illinois at baseball and Coach Walter Halas, a product of the Huff school, would appreciate a victory. On Wednesday of this week Capt. Stewart's squad play at Purdue.

Floyd Johnson to Meet Fred Fulton

New York, April 17.—Floyd Johnson, Iowa aspirant for heavy weight boxing laurels, will go thru with his much debated match with Fred Fulton, Minnesota plasterer next Monday night at Jersey City, and risk, upon the result, his chances of meeting Jess Willard in the main bout of the charity show at the Yankee stadium May 12.

This announcement was made tonight after William Muldoon, chairman of the New York State Athletic commission withdrew his order barring Johnson from meeting Fulton until after his scheduled match with Willard. Under the arrangement reached today after a series of conferences during the day Johnson will forfeit to Fulton his place on the Yankee stadium card in the event he is defeated by the Minnesota boxer. Thus he will not only risk his pugilistic future on the bout, but also a purse of \$25,000 he was to have received for boxing Willard.

Fulton, who previously had offered to fight without compensation an agreement on this basis, to be effective if he defeats the young Iowan.

Should such an upset develop, it was declared tonight that Luis Angel Firpo, South American heavyweight who is matched to box Jack McAuliffe, II, of Detroit on the same card probably would be substituted for Johnson against Willard, with McAuliffe and Fulton as a second attraction. Firpo already has signed to take the

AMERICAN SPOTLIGHT TURNED ON YANKEES

Will Dedicate Their New Stadium—Boston Red Sox Will Be Opponents

NEW YORK, April 17.—With the National League forces already in the front lines—prepared to "fight it out on that line all summer," the American League's opening barrage of base hits will be laid down tomorrow.

The spotlight in the junior circuit will be directed toward the shock troops of the New York Yankees, victors in two successive campaigns, who will dedicate the Yankee Stadium, their great amphitheater in the Bronx, in the opening skirmish with the Boston Red Sox.

Washington will pry off the lid against the Athletics in Philadelphia while in the west Tris Speaker's Cleveland Indians, will entertain the Chicago White Sox and the "Sislerless" St. Louis Browns will be hosts to Ty Cobb's Detroit Tigers.

Possibility of a new record for baseball attendance being established at the Yankee Stadium opening game was forecast late today by announcement that the entire seat capacity of 20,000 had been sold. At noon tomorrow 30,000 additional grandstand seats and 20,000 bleacher seats will be put on public sale at the park, with indications pointing to the limit of 70,000 being touched.

The present attendance record is 42,620, made at Boston October 12, 1916, in a world's series game between the Boston Red Sox and Brooklyn.

LODGERS-PHILLIES BATTLE TO 5 TO 5 TIE

BROOKLYN, April 17.—Brooklyn and Philadelphia battled fourteen innings to a 5-5 tie to open the season here today.

Ruether who beat the Philadelphia seven straight last season went the entire 14 innings. The visitors used four pitchers. Hubbell had a three run lead up to the sixth when the Dodgers bunched three singles, filling the bases with one out. Mitchell last season with Brooklyn relieved Hubbell. A sacrifice fly, two passes and a scratch hit by Ruether, tied the score and sent Mitchell to the showers. Winters and Betts blanked the Dodgers during the remainder of the game, although the latter had ten men left on bases during that stage and fifteen altogether.

KNUTE ROCKNE TO DON MOLESKINS

SOUTH BEND, Ind., April 17.—Knute Rockne, Notre Dame football coach, will don the mole skin suit and play the game again next Saturday when the Notre Dame spring training ends with a game between the 1923 varsity candidates and a team of veterans, many of whom are now in the coaching profession. Rockne, who with Gus Dorais is credited with introducing the first forward pass attack will play quarterback on the coach team. Other members of this squad who have signed to coach next year will be Rodger Kelsey, Judge Carberry, Frank Thomas, Forest Cotton and Dutch Bergman.

NOTRE DAME MAN TO COACH AT AMBROSE

SOUTH BEND, Ind., April 17.—Forest Cotton of Elgin, Illinois, left tackle on the 1922 Notre Dame football eleven, tonight signed to coach football, basketball and track for St. Ambrose College, Davenport, Iowa. His services were sought by other schools but he sought the St. Ambrose offer when a representative of that college visited him at Notre Dame. With Degree of Castner, Cotton formed the veteran nucleus of the new team which Coach Rockne developed at Notre Dame.

NEW INVENTION FOR GOLF INSTRUCTION

E. D. Gibbs of Akron, Ohio, has just placed on the market what golf experts declare to be the greatest contribution to the game of golf ever made. Mr. Gibbs when advertising director of one of the greatest rubber companies in Akron invented this device in the effort to improve his own game. It consists of a set of large diagrams or charts, six in all one for each club, but the one great difference between these diagrams and the usual form of charts is their very large size and the fact that the player when using them actually stands upon the charts putting his feet in the outlines of the soles of shoes, giving an absolutely correct stance.

The charts were prepared under the personal supervision of Jock Hutchinson who posed for each stance and for all of the photographs reproduced on the charts. Hutchinson also wrote all of the directions which are printed in large type. Every important detail connected with the use of the club for a particular shot is plainly illustrated and described. It shows, for example, the correct angle which the shaft should take.

The correct grip is pictured full size. The position of each knee at various points in the swing is clearly indicated. A most ingenious diagram keeps the player's body in the correct pivoting position. One chart is unique in that it illustrates and describes Hutchinson's method of over coming slicing.

The chart on putting is a masterpiece. The claim made for this new plan of self instruction which has nothing mechanical, nothing in the shape of a harness or other device, is that it compels the player to obey the first rule of golf to keep one's head down. The charts are scientific in every detail. They are attractively printed on sheets of thick tag board. No ball is used as they are intended for home practice but they can actually be used outdoors when occasion requires.

AMATEUR GOLFERS LEAVE FOR ENGLAND

NEW YORK, April 17.—Seeking new laurels and commissioned with the defense of those already won, nine representatives of the first flight of American amateur golfers sailed for England on the Mauretania. Best known of these were Robert A. Gardner of Chicago, Francis Ouimet, and S. Davidson Horton, former American amateur champions and Jess Sweetser, the present titleholder.

This quartet with George V. Rotun of Houston, Texas, Dr. O. P. Willing of Portland, Ore., Fred Wright, Los Angeles, Max Marston, Philadelphia and Harrison Johnston of St. Paul, are members of the Walker cup team which will defend the trophy won by Americans from British players on the national links last year.

REDS WIN FROM CARDS IN 11 INNINGS

CINCINNATI, O., April 17.—The Reds opened the National League season here today by winning a well played eleven inning game from the St. Louis Cardinals, 3 to 2. Donohue was hit freely but kept them scattered except in the seventh and eighth rounds. Hornsby, leading hitter of the National League did not get one safe in five times up but Bottomley made four singles. The Reds fielded without an error. The paid attendance of 30,315 broke the opening day record for Redland Field.

UNFAVORABLE REPORTS BRING ABOUT ADVANCE

CHICAGO, April 17.—Unfavorable reports led to renewed buying of wheat today and brought about a material advance in prices.

Market closed strong, 1 1/2 to 2 1/2 net higher with May \$1.35 1/2 to \$1.26 and July \$1.23 1/2 to \$1.23 1/2.

Corn gained 1/2 to 1 1/2 and oats 1/2 to 1 1/2. In provisions the outcome varied from 7c decline to a rise of 2 cents.

Nebraska and Ohio crop prospects were in particular regarded as new incentives to purchase wheat estimates being current that both states would harvest much smaller yield than last year. In Nebraska the estimate was on the basis of at least normal weather for the remainder of the season until the crop matures. Ohio reports indicated much heavier acreage abandonment and lower condition than was reported in the last week in March. Bullish crop advice from Indiana, Illinois and Texas attached special notice also in the late trading, and were in some degree responsible for the fact that the closing quotations were at the day's topmost figures.

Taken in connection with the dubious outlook as to spring seeding in the northwest and also in the light of previous disturbing reports from important winter wheat states such as Kansas, the crop news put bears at a disadvantage from the outset. The United States supreme court decision upholding the validity of the grain futures act seemed to have no effect whatever today as a depressing influence. On the contrary, it was said that considerable of the wheat because of the decision had been sold out was bought back today.

Corn and oats reflected the wheat advance. Besides the corn market was helped by an estimate that the Argentine exportable surplus of corn was the smallest in five years.

Provisions declined with hogs, and because of the semi-monthly report on lamb stocks here.

KANSAS CITY LIVESTOCK.

KANSAS CITY Stock Yards, April 16.—Cattle prices last week declined 15 to 40 cents. This decline was in all classes, except prime heavy fat steers and they were scarce and nearly steady. Stockers and feeders broke 25 to 35 cents, and today there was only moderate strength in the demand. It is only a short time now until thin cattle will begin to show grass sap strongly, and should prices decline later, the difference in weight gain will offset the price loss. Because of the nearness of grass a good many successful summer feeders prefer to buy feeders at this period of the year. As the season advances it becomes more evident that choice strong to heavy weight steers will be in moderate supply and considerable higher in price than at the present time.

Choice feeders are selling at \$7.50 to \$8.25; fair to good \$6.75 to \$7.50; plain \$5.75 to \$6.75. Selected stockers are quoted at \$7.50 to \$8.00; good to choice at \$7.50; plain to fair \$6.25 to \$7, and the common classes \$5 up. Stock calves, cows and heifers are offered in small supply.

Hog prices which broke early last week rebounded later and today were 5 to 10c higher, and back to the high point of the past two weeks. The top price for fat hogs today was \$8.30 and bulk of sales \$8.10 to \$8.25. Selected stock pigs are confidently at \$6.75 to \$7.40, and the supply is fairly large. Indications are that thin hogs will be offered freely in the next few weeks.

Fat sheep are higher, clipped lambs stronger, and woolled and spring lambs steady. The season for feeding lambs is about over. A few woolled lambs are going to shearers. A good many stock and brush goats will be offered in the next few weeks. Woolled lambs are selling at \$13.50 to \$14.35; clipped lambs \$11 to \$11.35; spring lambs \$12 to \$14.50; clipped wethers \$8 to \$8.40; clipped ewes \$7.25 to \$8.

Mrs. P. L. Bright and daughter of Roodhouse are visiting Mr. Bright at the Passavant hospital, where he is confined on account of an injury received at White Hall last Saturday. Mr. Bright is an employee of the C. & A. Railroad company and was injured at his work, but is now improving in a satisfactory manner.

A CORRECTION.

Thru error the price of admission to Scott's theatre for The Sheik of Peacock Alley was stated as 25c for adults. It should have read 25c. This famous picture will be at Scott's thru Thursday.

Market Report

By The Associated Press

BUTTER MARKET WAS FAIRLY FIRM

CHICAGO, April 17.—The butter market here today was fairly firm earlier in the day but later as heavy supplies became available and trading became very quiet, a weaker tone developed. There was considerable surplus of top scores.

Quality was poorer and more under grades were also available. Dealers were anxious sellers in many cases offering liberal concessions but buyers were not interested beyond urgent needs. The car market was at a standstill with offerings liberal.

There were too few sales to accurately establish prices. Fresh butter: 92 score 46; 91 score 45 1/2; 90 score 45; 89 score 44 1/2; 88 score 44 1/2; 87 score 44. Centralized carlots: 90 score 46 1/2, 89 score 45.

WORK ON ARMORY NEARLY COMPLETED

Will be One of the Finest Armories in State When Work is Done — Will Give Dances to Equip Quarters.

A large force of workmen have been engaged for over a week remodeling and redecorating the new armory hall in the Elmer building on East State street. The floors are to all be dressed and polished, and all of the walls and woodwork varnished and decorated. When this is completed, Jacksonville can then boast of the finest armory in the 130th infantry of which the local Howitzer company is a unit.

The drill floor, which is also being prepared for a dance floor, is 50x74 feet, and will be one of the finest dance floors in the city when completed. The quarters are equipped with a large reception parlor for social functions, a well appointed ladies' rest room, men's toilet conveniences, shower bath, a well arranged kitchen for banquets, a securely made property room for valuable government property, with a large room in addition for the reception of the more bulky property.

There are distinct rooms for the lockers so that they may be kept off the main drill floor. The building is equipped with a freight elevator for hoisting the guns and heavy equipment and is steam heated. One room will be equipped with pool and billiard tables for the recreation of the members, and they have already purchased a high grade player piano.

The company which is commanded by Capt. Wesley R. James, with Lieut. Peters, second in command, has a roster of fifty members, all clean, industrious men, who are progressing rapidly in tactics and regulations. As they lost all of their equipment and furniture, and most of their personal belongings in the late disastrous fire which destroyed the old armory, they are planning to give a series of high class dances to obtain furnishings which will be in keeping with the fine quarters which they now occupy.

On Friday evening, April 20, the new armory will be dedicated with an immense military ball, to which 400 invitations have been issued. Governor Small and staff, Adjutant General Black and staff, and all officers of the 130th infantry have been invited to attend. All military men will appear in full military dress. The music for the evening will be furnished by Brown's six piece orchestra. Refreshments will be served during the evening by men in the service uniform.
